

Nockamixon Sailing School “Practice Sailing Program”

Catalina Capri Sloop- 'Superna', Nockamixon Sailing School

If you have completed ASA101 or higher from any ASA affiliated sailing school, and would like to practice sailing on our teaching vessel in a less structured environment, with a sailing instructor on board, then you should sign up for our “Practice Sailing Program”. If you have completed an ASA sailing class, and want to practice what you have learned before scheduling the next class, then the NSS Practice Sailing Program may be right for you. The Practice Sailing Program is of interest to sailors who have already taken ASA101 or higher, but have not sailed for a while, and want a refresher course, or alumni who have recently completed an ASA sailing class, but feel they want additional practice before scheduling the next class. Basically you sail the boat with a captain on board who is there to provide instruction on an as needed basis. Combining ASA classes with the Practice Sailing Program could be your ticket to proficient sailing. To learn more, please visit our website at www.NockamixonSailingSchool.com and click on Practice Sailing.
